

THE LOOP LAB

872 Massachusetts Ave., Unit 1-5, Cambridge, MA 02139

POSITION DESCRIPTION

Position: V1 Video Engineer

Posting Date: August 3rd, 2021

Job Types: Contractor

Immediate Start

Location: Cambridge, MA

About The Loop Lab

TLL is a 501c3 non-profit organization located in Cambridge, MA. Our mission is to empower women and people of color to develop careers in the creative economy through job training and job placement.

Position Summary

The Loop Lab (TLL) is seeking a V1 Video Engineer to support the needs of our growing production studio. This position reports to the Production Coordinator of The Loop Lab. This person will support the Program Manager in creating and executing curriculum, and provides audio and video technical instruction and operations management for The Loop Lab.

Scope of Work

- This individual will direct the setup and patching of video systems on set and should be comfortable with color matching, routing video signals, projection, and a range of lighting systems. This also includes comfort with operating camera switchers during live broadcast.
- This individual will be the primary engineer on site for TLL productions and will be responsible for professionally interfacing with clients, students, alumni, and contractors.
- Responsibilities include: monitoring all inputs during filming, ensuring networking technology connects properly, working alongside A1s/L1s/other on set professionals, setting up and striking video gear on site, ensuring the quality and consistency of video quality, troubleshooting unexpected issues in a timely and professional manner

COMPENSATION: Compensation is hourly pay commiserate of work experience and skill set.

TO APPLY: Send **sample work and resume** to **mabrego@thelooplab.org**

The Loop Lab is committed to recruiting and fostering a diverse community of staff and students. Individuals from traditionally underrepresented groups are encouraged to apply. AA/EOE
