ELIGIBILITY

Review the basic requirements to qualify for the Massachusetts film incentive program:

Does your production meet the definition of a motion picture production?

Feature-length films, videos, digital media projects, TV series with a maximum of 27 episodes, TV pilots and commercials.

Then answer the following:

- Are you a production company?
- Is this production intended for theatrical exhibition, television viewing, or is it a TV pilot?
- Do you plan to spend a **minimum of \$50,000** in Massachusetts?
- 50%* Test: Do you plan to shoot 50%* or more of principal photography days in Massachusetts?

OR

Will your Massachusetts budget exceed 50%* of your total project budget?

Fast Facts provides additional eligibility details. *If you are not certain if you will qualify for one or all three of the film production tax incentives, contact:*

***50% threshold increases to 75% as of January 1, 2022**

STEP 2

PRIOR TO PRODUCTION

STEP 3
REGISTER WITH
SEC. OF STATE
DEPT. OF
REVENUE (DOR)

If you are a **"foreign" LLC or corporation** (i.e. not domiciled in Massachusetts) register with the Massachusetts Secretary of State's Office. To check if a corporation is already registered with the Secretary of State, go to: <https://bit.ly/3dbnS0A>

Please note: Loan-outs are also required to register.

Are you an LLC?

"Foreign" Loan-Outs are also required to follow the same registration procedures.

☐ **STEP 4**
SALES TAX EXEMPTION

If you meet the 50** requirement described in Step 1, prior to making purchases in Massachusetts, apply to the (DOR) for your [Sales Tax Exemption*](#) (STE) (<https://goo.gl/jASYVK>), then download the [Sales Tax Exempt Certificate](#) (<https://goo.gl/mDNBGD>) and provide each vendor with a completed certificate.
**Electronic submission is preferred*

Sales Tax Exemption:	
Eligible:	Ineligible
Production expenses including sales and meals taxes only	Room occupancy taxes

NEW Requirements for the STE

There is an additional step to the STE filing. A spreadsheet is to be submitted electronically to DOR, listing your employees' name, address, SSN, estimated gross wages, and whether they are hired by the production or through a loan out.

Note: The date that your STE form is filed with DOR is the start date of the 12-month period in which your production is eligible for the Payroll and/or Production Tax Credits. *(The actual applications for the tax credits are not filed until you have completed all work on this production on the ground in MA including post production.)*

☐ **STEP 5**
LOAN OUTS

In order for loan-outs and personal services corporations to qualify for the Tax Credit, MA personal income tax **must be withheld and you must file a [Loan-Out Affidavit/Allocation Form](#)** for each loan-out or personal service company. For more information: [Directive 07-01](#), [TIR 7-15](#), [Motion Picture Production Company Withholding](#) and [Loan Out Guide](#).

☐ **STEP 6**
TAX AND ACCOUNTING EXPERTS

Figuring out who will be on your tax and accounting team will help you set up your systems properly, making the “back end” of the process much easier. At this juncture, it may be in your best interest to:

- Determine who you will hire as your Production Accountant (or who will act in this capacity) [Local Accountants](https://goo.gl/6qQYQt) (<https://goo.gl/6qQYQt>)
- Determine which Payroll Company you will hire (if you are hiring one), [Local Payroll Companies](https://goo.gl/xxYKAv) (<https://goo.gl/xxYKAv>)
- Choose and speak with the MA licensed CPA who will perform your audit or Agreed Upon Procedures (required if your budget is over \$250,000 – but many productions hire a MA CPA, regardless) [Local CPAs/Auditors](https://goo.gl/q7Vr3c) (<https://goo.gl/q7Vr3c>)
